

ATVs

ATVs and snowmobiles may travel in the right of ways on the ditch bottoms and back slopes. ATVs are not allowed in any County Road right-of-way from April through August. It is illegal to place any barricade that prevents their safe passage within the right of way. Although it is unlawful to operate an ATV in any manner that will cause damage to another's property, if you believe damage has been or is being done to your property, your only recourse is to get a description of the machine, license number, name of person, etc. and report it to the sheriff or police department that has jurisdiction in your area.
